Staffing		• Ikego is opening townhomes and has more students, but their staffing was cut. • TSS was projected an enrollment of 610. September 30, we were 94 students below expectation. District determined that TSS will have 4 less teachers next year. ○ One 4th grade and one 2nd grade teacher – moving to classrooms in Ikego. • YPS is also not at their projected enrollment. Overstaffed by 2 teachers, but not losing any currently. • Was there consideration for home port shifts?? Most families that have school aged children are likely already here… but as people PCS, new families will be eligible to come. • Waivers are going to be affected next year due to staffing. Grandfathered-in students were only for one year. • Is re-zoning being considered again? Perhaps the stops south of the base should return to TSS/YPS? • DoDEA is unaware of most home port shifts. • Principals can reach out to CO & XO via email. • Only real-time data is from housing.
Rainy Day Drop Off		There is a drop of beside building A for parents to utilize, if they do not want to park and walk. The road closure is necessary for safety and was implemented due to concerned parent and community at SAC.

		(L. Hovell will distribute).
Fifth Grade		Concerns about how scheduling might be changed. 5th grade is currently doing the elementary schedule, but they below to the middle school. Concerns should be brought up with the YMS SAC.
