2. Old Business:

Safety Patrol	Applications have been collected. Students are being selected. Training will occur next week. Implementation after Spring Break.
Main Gate	Pushed until June, so will not impact school.
Registrar	There's more clarity about re-zoning and registration has started for next year. Families that are zoned for other schools will return to their assigned school. We are the transition school, so families that get housing in another zone will need to attend that school. Reaching out at 30, 60, 90 days to families with a lodge address.
Immunizations	Part of the immunization process. Registrars are collecting the documents.
Visitor Check-ins	Parents and community members are checking in at the main office more frequently. School is asking for volunteers to set up their visits in advance.

3. New Business:

Basketball courts and playgrounds	Students are climbing over the fence to access the courts. The signs currently do not explicitly state that the court/playground are off limits after school and on weekends. Schools were work on getting updated signs. Can we establish some basketball courts for kids to access on base after school and on weekends?
School supply lists	Local supply lists have been created for TSS and YPS. They will be at the NEX and distributed by SAC. Also available at school.
School calendar	Now updated. We are starting school earlier and ending early. Semester will end at winter break.

Traffic Flow	Concern about changing the flow of traffic because the fire station and line/traffic. Can we communicate with the middle school about their traffic pattern and ensure that drop offs/pick ups work well together? It was changed before due to foot and bus traffic. Administrators will inquire with district why it change. CFAY says we can do it however the school wants. We looked at using the commissary parking lot for drop off/pick up. But, there was concern about who would staff/cover that area. Bikers should be walking their bikes on campus and in cross walks. Security will start ticketing bike offenses soon.
Safety and Security	Administrators are looking at the secure procedures for all school building and how to enhance safety and security.
Shout Outs	The book fair was awesome! MoMC is approaching. There is a team working on school-wide events. Kick-off event and weekly activities for both schools. Parent luncheon. Dance. Photo booth. Parade. Public Affairs – interviewing students. Videoing next week. Stars and Stripes articles. Student council is coordinating a spirit week.
Bullying	How can the school address bullying off campus? We do not have jurisdiction off campus. However, if we hear that it carries over to the school building, we get statements from the students, and work with the counselors if this occurs. We have a zero tolerance for any bullying in our schools. We also encourage you to have your child let you know and you can contact Security with your concerns for off campus incidents. The counselors and MFLC's can be used to support your child inside the school building. We teach our students how to problem solve various incidents and who to go to.

4. Open floor: Any visitors or members want to share information?
