   v. Other/Parents:

2. Old Business:

Townhall request w/ District and Region leadership	Any updates about having a District Townhall Meeting requested? Response- admin will continue to follow-up with DSO leadership.
Implementation of the DOD's DEI/EO directives	What is happening to the funds that were allocated to DEI initiatives? Are they being retained, in case the directive changes? • Mr. Jefferson will elevate this to PEDAC.

3. New Business:

4th Grade Math Curriculum	**Parent Feedback on Online-Only Coursework** Parents expressed concerns regarding the impact of online coursework beyond Grade 4 and inquired whether curriculum changes have influenced year-to-year testing results. Additionally, there is concern that the new program limits opportunities for parental engagement and support in math content. **Responses and Discussion Points:** • Inquiry regarding student access to workbooks; parents were not

	informed about the availability of workbooks until the end of the school year. • Clarification that the online component serves as a supplementary resource, with primary instructional materials being Volumes 1 and 2. • Administration will follow up with staff to ensure alignment and effective communication moving forward. • Additional resources are available through Student Classlink to support student learning. • Feedback indicates that the implementation of the Reveal Math curriculum has required significant teacher time, potentially impacting the focus on educational standards. **Next Steps:** • Consideration of family engagement initiatives, such as informational nights or training sessions, for the 2025–2026 school year to enhance parental involvement and support.

4. Open floor: **Substitute Teacher Training and Campus Policies** Discussion centered around the need for training opportunities for substitute teachers, including familiarization with campus policies and procedures, as well as an overview of school operations. Additionally, the possibility of new substitutes shadowing experienced teachers was explored to enhance their preparedness.

   Responses and Action Items:
   Administration will collaborate to determine available training options for substitute teachers.
   A review of existing policies and procedures for inclusion in substitute binders will be conducted to ensure clarity and accessibility.

5. Closing
   - Meeting adjourned at 1605
   - SAC for the 2025-2026 School Year will begin TBD- pending training
