Fiti Hawkins		Ms. Salazar		Ms. Bird, Assistant Principal TSS	
Randi Ackland		Ms. Joley		Ms. Prior, Assistant Principal YPS	
		Ms. Hovell		Brad Schmid, School Liaison Officer	

2. Old Business:

Safety Patrol	It is up an running. Every zone has directions and Ms. Church is the facilitator.
Traffic Flow	Concern about changing the flow of traffic because the fire station and line/traffic. The fire station already has lines and lights to stop people in that section. Can we communicate with the middle school about their traffic pattern and ensure that drop offs/pick ups work well together? It was changed before due to foot and bus traffic. Administrators will inquire with district why it change. CFAY says we can do it however the school wants. We looked at using the commissary parking lot for drop off/pick up. But, there was concern about who would staff/cover that area. Bikers should be walking their bikes on campus and in cross walks. Security will start ticketing bike offenses soon. This will be shared with transportation and the school leadership teams and Administration will reach out with further updates as school updates happen.
Safety and Security	Administrators are looking at the secure procedures for all school building and how to enhance safety and security. Our fence proposal is at the DSO.
Basketball courts and playgrounds	Students are climbing over the fence to access the courts. The signs currently do not explicitly state that the court/playground are off limits after school and on weekends. We are working with the Base to get new signs on specifics. This also goes along with the fence proposal mentioned above. Security is going to make an effort to enforce people on the playground during nights and weekends. Suggestion: CFAY put in their newsletters/ AOB.

3. New Business:

Regional Advisory Committee "Parent Corner"	QR code was sent out by the school administrators and if parents have concerns they can submit through that QR Code. If it is school related then administrators will be notified and will reach out.

Calendar adjustment for 2027-2028 school year	You can access the calendar on the website and see that for the 2027-2028 school year we are scheduled to start the school year earlier to align Europe and the Pacific. Last day of SY 26-27 is June 3rd. This would allow for semester 1 to end before the winter break. Starting earlier in August brings concerns of shade cover on the playground.
Breakfast at School	Parent interest and school feasibility of providing school breakfast in the future. The NEX put out this survey. This has been a concern before. We can reach out to the SLO for further information to determine this as a possibility.
School Bussing	Can we request a review of the bussing system and procedures? Can bus schedules be improved so that students aren't on the bus for such a long time? Suggestion: Pick up at TSS and YPS first, then pick up YMS and KHS. The morning pick of times were also a concern mentioned. The inspector general came to look at our busses and we are awaiting their report. Administration will start this conversation with transportation.

4. Open floor: Any visitors or members want to share information?
   Next years open positions will be Chair, Vice-Chair, and Secretary these will be advertised through school newsletters.
   End of year report: Reviewed to file.
